# ETHICAL, PROFESSIONAL AND RELIABLE

**Liftronic has a proud reputation for its professional commitment to deliver a tailored, code compliant service that addresses the real and unique preventative maintenance needs of each of its clients.**

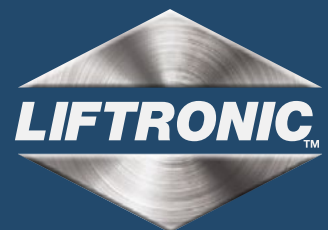

Our technicians are available 24/7, every day of the year, they are trained and experienced to maintain a full spectrum of technologies. Our large portfolio ensures that our technicians are in your area when you need them.

A local inventory of quality genuine spare parts ensure rapid remedial service when required.

Latest monitoring technologies provide our customers with secure access to real time updates on maintenance history and service reports.

Our CRM "Field Buddy" computer generated maintenance planning and dispatch systems ensure that your lifts received the required level of service at the correct intervals. Our staff use their expertise to not just perform the service tasks required but to investigate and problem solve before an issue occurs.

Our service is backed by our Quality Management accreditation our, Safety Systems and our Environmental polices and practices.
