

VEHICLE LIFTS

Australia's largest independent lift company
Established 1985

Customised, easy to operate, code compliant vehicle lifts suitable for commercial, residential and domestic applications

Vehicle lifts are increasingly replacing ramps as a means of moving vehicles around buildings where space is at a costly premium.

Liftronic's Vehicle Lifts are proven reliable work-horses capable of the heavy lifting needed in these applications.

Available with single door, or front and rear door configurations, finished in brushed stainless steel lift finishes on the foyer doors and internal lift car panels to suit any size, load or speed.

Easy to operate and suitable for customisation to suit most installation requirements.

Features include

- For loads of 3000kg and more
- Code Compliant
- Custom and standard sizes available
- Stainless steel finishes
- Robust and very reliable

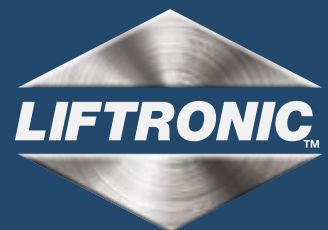

Visit our website to discover our comprehensive range of elevators, escalators and moving walkways. www.liftronic.com.au
