

SOLUTION RANGE

LOW TO MEDIUM RISE LIFTS

Australia's largest independent lift company
Established 1985

A cost-effective range of lifts designed to meet the high standards demanded by residential and commercial applications.

Knowledge gained from decades of experience meeting the challenging needs of residential and commercial low to medium rise buildings has led to the creation of the Liftronic SOLUTION range of machine-roomless lifts.

These smooth quiet lifts are designed to be cost effective, and come with quality finishes.

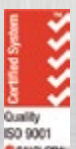

Features include

- Machine Roomless
- Ranging from 630kg to 2000 kg
- Lift speeds up to 1.75m/sec
- A range of standard finishes for selection
- Available in various configurations
- Energy efficient VVVF gearless motor
- Power saving features available
- Reduced delivery and installation time
- Compliant with Australian Standards/BCA
